

New Patent Application
Entitled: **COMPOUNDS FOR TARGETING**

REMARKS

The claims are revised to remove multiple dependencies, thus avoiding the payment of the surcharge required for multiple-dependent claims. For this purpose, Claims 33-37 are amended to recite only a "use", and new Claims 39-43 are added to recite the "method" version of original Claims 33-37.

Claim 38 is cancelled as obviously failing to comply with 35 U.S.C. § 112, second paragraph.

The applicant requests entry of this amendment and awaits examination in due course.

Respectfully submitted,

Roger T. Frost
